ALVISO DISTRICT WAY OUT AHEAD IN CHEST DRIVE

The Alviso district is receiving kudos this week for the exceptionally fine response the residents of that area have given to the current Community Chest Drive. They have achieved the distinction of going away over the top with 170 per cent of their last year's total, which puts this district far ahead of any other locality in the township. Mrs. George Harvey, the district chairman, and her assistants are being congratulated on their commendable record, and the residents, too, for their fine support.

According to the general chairmen of the drive, Warren Gravestock and Col. E. M. Manning, Irvington comes to cop second place, with 75 per cent of their last year's total. The other towns follow in this order: Alvarado, 50 per cent of last year's total; Niles, 48 per cent; Centerville, 35 per cent; Newark, 30 per cent; Decoto, 14 per cent; and Mission San Jose, 14 per cent.

As no one has been appointed to be the Warm Springs chairman, residents from that area are being asked to forward their contributions to either Warren Gravestock or Colonel Manning in Centerville.

As only one-third of the quota has been raised to date, the chairmen are urging those who have not already contributed to do so immediately, so that the drive can be closed as soon as possible.

Those in the community who have not been contacted, may send their contributions to their town chairmen, whose names are listed as follows: Niles, E. D. Bristow; Decoto, the Chamber of Commerce or Lew Musick; Alviso, Mrs. George Harvey; Alvarado, Walter Oakey; Mission San Jose, Lois Bottenberg; Newark, James Robertson; Centerville, Dr. E. M. Grimmer Jr.

BROUN ADDRESSES LIONS MEETING

A thorough explanation of all 19 proposals to be voted on in the general election next Tuesday was presented to Centerville Lions Club members Wednesday night by Attorney LeRoy Broun.

Meeting at the International Kitchen, the club had as their guests members of the Elmhurst Lions Club of Oakland, including Sid Snow, Win Benner, and "Slim" Corbin, deputy district governor of the organization.

During the business session, A. E. "Tony" Alameda was appointed to manage the forthcoming annual card party.

SHERIFF'S OFFICE ENLARGES PATROL

Night patrol service in Washington Township has been doubled, starting this week, according to announcement by Sheriff H. P. Gleason.

Another patrol car, manned by two deputy sheriffs, is augmenting service here, with the township being divided into two patrol areas.

HALLOWEEN PARTY FOR 100 CHILDREN

Pumpkins, black cats, ghosts and witches will abound in the gaily decorated Boliba Hall in Niles tonight (Friday) when members of Klatawa Lodge No. 251 will entertain nearly 100 children at a Halloween masquerade party.

Games will be played, prizes awarded, and there'll be candy and balloons for all. Refreshments of ice cream and cup-cakes with pumpkin "faces" will be served.

All lodge members are urged to bring their own children and those of their friends, as a good time is planned for everybody. The party is one project under the year-around child welfare program of the group.

NEWARK SCHOOL PLANS COMPLETED

Realization of a dream is near at hand for parents, students and teachers of the Newark Elementary School district.

Principal J. I. MacGregor announced that the working plans for the proposed addition to the Newark school buildings have been completed by George Ellinger, Oakland architect, and are now in Sacramento for approval by the State Division of Architecture.

Final approval on the 9-room supplementary building will be obtained from the School House Planning authorities in Sacramento, following which actual construction can be planned.

Under discussion for the past two years, the new educational building will include eight additional classrooms, a kindergarten room, a nurse's office, and miscellaneous office space. It will be built adjacent to the present school property on Cherry Road.

STUDENT HAS BLOOD POISONING

Seriously ill with blood poisoning at Highland Hospital in Oakland this week is Alvin Gomes of Irvington, son of Mrs. Helen Gomes and a sophomore student at Washington Union High School.

It is not known whether the infection and poisoning resulted from a sore on Gomes' hand or a possible scratch received in the high school shop classes which he attended. School authorities state that there is no injury report on the boy, and that there is a strict rule necessitating a written report on any injury received during school hours, no matter how small.

Unconscious for 48 hours following hospitalization, Gomes has been administered blood plasma, but was in critical condition for several days. Yesterday he was reported to be slightly improved.

COUNTRY CLUB DANCE NOV. 6

All Country Club members and their escorts are anticipating the big dance to be held on the night of November 6. Members without escorts are also planning to attend as there will be many specialty dances as part of the entertainment, in addition to the dances participated in by everyone.

The members will be the guests of the Arts Appreciation Section and of the Folk-Dancing Section, headed by Mrs. John Whipple and Mrs. Evelyn Joseph respectively. Frank Katzer will be master of ceremonies.

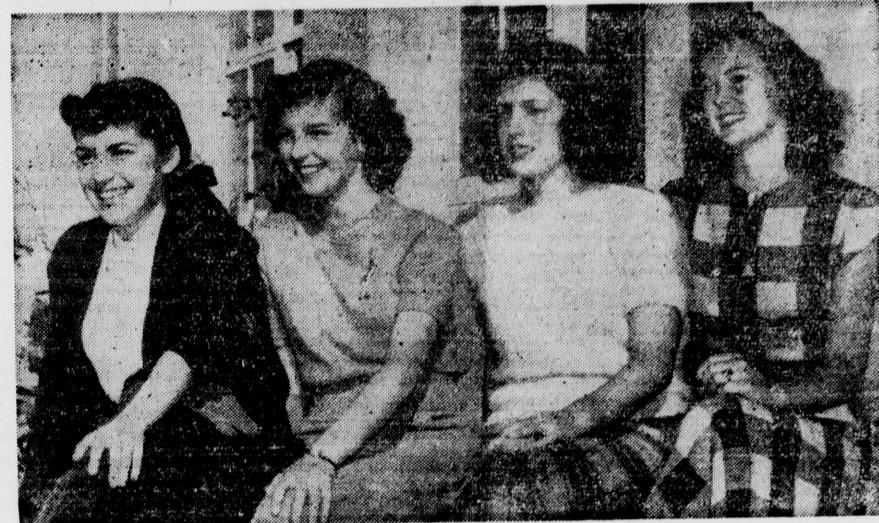

The affair will be held in the Irvington Grammar School, with dancing to start at 8:30 p.m. Sports dresses for the women, and plaid shirts and jeans, or other sports attire, for the men, are the order of the evening.

Y.L.I. BARN DANCE TOMORROW NIGHT

There'll be harvest decorations and a Halloween atmosphere at the Y.L.I. De Guadalupe Barn Dance tomorrow night in the P.G. & E. club house in Newark.

Under the sponsorship of Mrs. Frank Sousa, the party will honor the husbands and friends of Y.L.I. members. Chairman of the event is Mrs. John Santos, with a committee composed of Mmes. Frank Madruga, Ray Murphy, Donald Lemos, George Rodrigues, Ralph Brown, Ed Mara, Fred Rogers, Leland Silva, Louis Cardoza, Tom Silva Jr., and James Nunes.

Starting at 8:30, the dance will be followed by refreshments (homemade pumpkin pie).

ONE OF THESE four comely lasses of Washington Union High School at Centerville will be a queen Saturday night—reigning over carnival to be presented by high school's Parent-Teacher Association in school gymnasium. Left to right: Mary Villescas, nominee of senior class; Shirley Neighbors, sophomore class selection. Chosen by class vote, they are now selling penny votes in popularity contest. Carnival will feature games, entertainment, refreshments and dancing.

CO-EDS VIE FOR CARNIVAL CROWN

Four lovely and charming examples of teen-age beauty plus popularity have been chosen by the students of Washington Union High as their candidates for Queen of the P.T.A. Carnival to be held Friday by William Caldeira from Newark.

Caldeira immediately notified the sheriff's office, where deputies George T. Wisner and Ralph Pearson were dispatched to recover the body. Siegel was drowned while on a duck hunting party ten days ago.

Freshman voters selected June Nova of Alviso district; Shirley Neighbors from Niles will compete for the Sophomores; Charlene O'Brien, of Niles, will represent the Juniors; and Mary Villescas, from Decoto, got the nod of the Seniors.

Classmates of the four girls are circulating among the student body, friends in their own neighborhoods, township merchants and anyone willing to part with a penny to cast a vote for his favorite Queen contestant.

Excitement is running high on the campus and the ballot box is jammed with voting tickets which will be counted at the Carnival, about 8:30 o'clock Saturday night. When the results are tabulated, one of the four co-eds will be crowned Queen, with the three remaining girls as attendants, to reign triumphant over the dance, and other festivities planned for the Carnival.

What will become of the pennies? They will go into the P.T.A. fund raised by the week-end event, to be used for future high school needs.

NORRIS MAKES SCOUT AWARDS

As president of the Oakland Area Council of Boy Scouts of America, Judge Allen G. Norris of Centerville officiated last week for the first time since he was elected in December, 1947, at the Eagle Court of Honor.

Held in Judge Shine's courtroom in Oakland, the event honored nine boys receiving Eagle rank, two Air Scouts awarded "ace" designations, and the presentation of several palms.

Eagle Scouts who continue working for merit badges are eligible for a bronze, gold and finally a silver palm, according to Judge Norris.

Only Washington Township boy to receive an award at the Eagle Court was Eagle Scout Alden Christensen of the Centerville troop, who received his gold palm.

P.T.A. PRESIDENT ASSUMES NEW JOB

A Centerville mother, Mrs. Raymond Rodrigues, has been appointed to take her place among the officers of the Phoebe Hearst P.T.A. Council which has jurisdiction over 24 parent-teacher organizations in Southern Alameda County.

Mrs. Rodrigues will serve as second vice-president, replacing Mrs. Hugh Douglas of San Leandro, and will head the standing committee on organization. She is now president of the Centerville P.T.A.

CORRECTION

The editor wishes to correct an error published in last week's Register. It was stated that the Irvington Fire Commissioners had bought the resuscitator for the fire department. The resuscitator was given to the fire department by the Irvington Promenaders.

NEWARK MAN'S BODY RECOVERED

After five days of unsuccessful searching by the Coast Guard, sheriff's deputies and local residents, the body of Julius Carl Siegel, 62, of Newark, was found in the waters of Mowry Slough last Friday by William Caldeira from Newark.

Caldeira immediately notified the sheriff's office, where deputies George T. Wisner and Ralph Pearson were dispatched to recover the body. Siegel was drowned while on a duck hunting party ten days ago.

A native of Germany, the Newark man is survived by his wife, Helen B. Siegel, and had worked as a machinist for one of the Leslie Salt plants. He planned to retire next year.

Funeral services were held last Saturday afternoon at the Berge Mortuary in Irvington, and cremation followed at the Oak Hill Cemetery in San Jose.

GRAMMAR SCHOOL OFFICERS ELECTED

"Election fever" must be catching for students at Irvington Grammar School have just completed two hectic student elections with as much furor and fanfare as their elders.

Last Friday new student body officers were chosen by the vote of the pupils. Paul Thomsen of Irvington is president, with Felicia Escalano of Irvington as his vice-president. Janet Robertson of Irvington is the new treasurer, and Elaine Perry of Niles was elected as secretary after a special "run-off" against Patsy McMahon. "Junior" Coronado was picked for sergeant-at-arms, while Jane Barao will be yell leader.

Paul Thomsen should surely be titled "Mr. President," since two weeks before the student body election he was chosen by his classmates as president of the eighth grade.

Other officers of the last elementary grade are: Felicia Escalano, vice-president; Patsy McMahon, treasurer; Janni Nall, secretary; Gene Chitman, sergeant-at-arms; and, Frances Wood, the feminine sergeant-at-arms.

Coming in to subscribe to The Register, Mr. Williams said that he and his wife, and their son, a young businessman, will move into their new home after completion of the improvements they are going to make on the house and 6-acre grounds.

JUMPING THE GUN COSTLY TO HUNTERS

Out-of-the-towmship duck hunters got too eager on the opening day of the season two weeks ago, and it cost two of them \$75.

Mingo Ronconi of San Lorenzo got started shooting before the official time of a half hour before sunrise on Oct. 15, while William Sidre from Oakland didn't quit until a half hour following sunset the same day.

Ronconi was fined \$25 in the Niles Justice Court, but Sidre drew down a heavier punishment of \$50 in the Centerville court.

All hunters were reminded by County Game Warden Fred Rogers of Centerville of the official duck hunting hours and he said Fish and Game officers are strictly enforcing them this season.

MEN'S CLUB HEARS TALK ON SELLING

"Let's Get Back to Selling" was the subject of an address before the Men's Club of Washington Township by Samuel Worswick, sales executive of Oakland, at the club's regular dinner meeting at the International Kitchen last Thursday evening.

The speaker emphasized that real effort at selling and service by business organizations is again necessary, with the war-time picture now changed completely. He was introduced by Program Chairman Edward E. Enos.

Resolutions in memory of deceased club members George Hellwig, M. J. Silva and Theodore Oakes were read.

President Jack MacGregor appointed a nominating committee, consisting of Loren Marriott, Erle Hygeland and Gordon Cotton, to report at the club's next meeting.

A Christmas party will be held this year, with the following serving on the committee in charge: Harry Weber, Tony Alameda, Lee Williams, Col. Eugene Manning, Karl Nordvik and Irving Hird.

Following the meeting, students of the seventh grade displayed their hobbies, including many interesting collections. Assisting in the entertainment was Jackie Haynes of the eighth grade.

An announcement was made that the P.T.A. Whist Party, originally scheduled for November 19, has been changed to the evening of November 18, starting at 8 p.m. at the grammar school.

HOLLY PLANT TO PRODUCE SUGAR IN LIQUID FORM

On November 1, Holly Sugar Corporation will add liquid sugar to its list of commercial sugar products made and distributed in California, according to word from J. A. "Mick" Ratekin, superintendent of the factory here.

"This addition to our company's line of sugars results from the increase in recent years in California of the use of liquid sugars and invert syrups," Mr. Ratekin said. "Canners and soft-drink makers are increasing their output to meet the increase of population. Their business is growing; and so is ours."

STEP FORWARD

"This year of 1948 thus marks another step forward in the development of the beet sugar industry in California," he continued. "We have a most successful record in the production of granulated sugar in its various forms and now, in 1948, the California beet sugar industry adds liquid sugars to its trade."

Holly's sugar plant at Alvarado—pioneer beet sugar factory in the United States—was selected to make liquid sugars. The product will be water-white and will be graded in content from pure sucrose to whatever percentage of invert is needed.

Now in its 80th "campaign" of sugar-making, Holly Sugar factory of Alvarado has been enlarged to provide for the manufacture of liquid sugars. An extension to the three-story main building was completed recently and four tanks for the storage of liquid sugar were installed beside loading stage for both railroad tank cars and tank

Tractors don't get Aching Backs! ... today's Farmers are Men of Steel!

Today millions of American farmers depend upon steel tractors. Tractors that make the plowing easier and the crops larger. Tractors that help produce more food to build a healthier nation, more food for hungry people abroad.

There are already about 3,000,000 steel tractors at work in our fields. Last year from their greatest peacetime production in history, America's steel mills provided the steel to make nearly half a million

new tractors for our farmers. And this year the mills are turning out more steel than in 1947.

In supplying steel for better farming, the steel companies make possible:

For You—abundant food for the family table.

For Steel Workers—many thousands of jobs at good wages.

For Everybody—health and continuing progress.

IN THE NEWS . . . Finished steel production in the first half of 1948 amounted to 442 pounds for every person in the country, twice the rate for 1939. Exports amounted to 34 pounds per person in the first half of 1948.

IN THE NEWS . . . Although steel production last year set new peacetime peaks, mill accidents were fewer and less severe than ever before. Only two out of 40 leading industries had fewer accidents than steel per million man-hours worked.

'CUB' INSTEAD OF 'CLUB' FOR JUNIOR

By MILDRED FOSTER

If you are a parent who thinks the only way to handle Junior, age 9, 10 or 11 years, is to CLUB him, don't do it! That is, not until after next Monday night, Nov. 1, at 8 o'clock.

That is the night set by the Newark Cub Scout Committee for a meeting of parents and boys at the Newark Youth Center. Its purpose is to acquaint parents and all persons interested in youth activities with what the Cub Scout program is all about, and to convince them that "Cubbing" is what the 9-10-11 year old boy needs—not "Clubbing."

Alex de Knoop is the new cubmaster, replacing Kenneth Foster, who has accepted the chairmanship of the Cub Committee. Earl Wible is assistant cubmaster. Ray Alberts, William Beck, Franklin Brown and E. H. Harris are continuing as committeemen. However, there is still a desperate need for more den mothers.

"We are anxious to determine if parents are interested in having the Cub Scout program continued this year," Cubmaster de Knoop said. "The boys I've talked to want to become Cubs and the committee and I are ready to begin a full cubbing program. But we can't do it without the cooperation of parents."

The present site of the California State Fair is its third in Sacramento.

With music furnished by their very own radio-phonograph, 66 members and their invited guests danced away the hours of the evening before twelve. Mrs. Beverly Medeiros played the piano during the evening and everyone enjoyed harmonizing or dancing.

A change from the usual was the refreshments of doughnuts and cider. Mr. and Mrs. Herman Medeiros, Mr. and Mrs. Elmo Andrade and Mr. and Mrs. Botterberg were their chaperones. Those on the decoration committee were: Robert McGowan, Bernardine Leal, Charles Schneider, Donald Meyers, Cecelia Schneider, Iris McNemar, Beverly Chambers and Nadine Fernandez. Refreshments: Elaine Borge, Ann Untiedt, Doonie Meyers and Gene Bramwell. The next regular business meeting of the group will be on November 4 at the I.D.E.S. Hall.

I'd suggest that you bring up the first matter you mention at the next P.T.A. meeting. And as for the children being deprived of their Halloween fun this year, I'm sure that it won't work out that way. Niles isn't the only school that's collecting items for the Europeans on Halloween. Other schools have also taken it up.

Surely the youngsters, as they make their rounds on Halloween, will appear in costumes as usual, and surely none of us could be so cruel as to withhold the usual "treat" when they ring our door-bells. Of course, I'll agree that part of the Halloween spirit is taken away, as it is the one time of the year when youngsters can ring door-bells and feel that they have done something "real naughty."

Whoops! Another anonymous letter! What a week this is for letters. This one comes from "A Mother," who is also upset over the Halloween situation in Niles. Sorry, we can't use it.

What we need here is a good old town hall meeting where we can get together and thrash out some of these problems that seem to send the blood pressure up so.

Housewarming and Anniversary Observed

Mr. and Mrs. Paul Stanfield of Adobe Acres made it a double celebration last Saturday night when they observed their seventh wedding anniversary and the completion of their new home at a housewarming and buffet dinner. Assisting in greeting the 40 guests as junior hostesses were the Stanfields two little daughters, Phyllis and Shirley Gene. Guests arrived from Berkeley, San Francisco, Danville, Niles and Irvington for the occasion.

On Vacation

Mr. and Mrs. Robert Woodward of La Honda have returned to their home after spending a two weeks' vacation, part of which was spent at the home of their parents, Mr. and Mrs. William Enos of Irvington and part with his parents, Mr. and Mrs. Paul Woodward of Niles.

The second week they motored south to Paraiso Hot Springs, where they had a much needed rest. Mr. Woodward returned to his duties on Monday of this week at Log Cabin School for Boys.

To Los Angeles

Mr. and Mrs. Frank Mayer of Irvington will leave today for Los Angeles to attend the California-U.S.C. game tomorrow. They plan to stop over at Bakersfield tonight and to return Sunday. Miss Mary Burnsed and James Jones, also of Irvington, will accompany the Mayers.

Returns from Mexico

Dr. and Mrs. Lyle Buehler motored over to San Francisco last Friday to dine with Mrs. Buehler's brother-in-law, Mr. James Youd, who was enroute from Mexico City to his home in Honolulu. A representative of the Hawaiian Pineapple Company, he had planned to Mexico City in connection with the company's plans for establishing a plant down there.

OVER 500 ATTEND FLOWER SHOW AND TEA GIVEN BY WELFARE CLUB TUESDAY

By VIVIAN BATMAN

Picking a beauty queen from a group of Conover models wouldn't be any more difficult than deciding which flower arrangement at Tuesday's flower show and tea was the most outstanding. They were all striking, all showed that they had been arranged by an experienced hand, and all left those who witnessed them with the feeling of "Oh, I wish I were clever enough to do that."

Aside from the arrangements, however, which were supervised by Mrs. W. L. McWhirter, the Welfare Club's flower tour and tea provided many of us with the opportunity of viewing the interiors of four of our township's most distinctive homes. The interior of any one of the homes would have made a jewel of a picture in some of our home magazines.

How, for example, has Sunset Magazine happened to overlook the perfectly charming outdoor living-room at the Alwin Stevens home in Decoto?—or the more elaborate but equally livable and

HONEYMOONERS DAVID ESCOBAR AND BRIDE RETURN FROM PALM SPRINGS

Honeymooners David Escobar and his bride, the former Vivian Maciel, have returned home to Niles after a wedding trip to Palm Springs, thence down to Mexico and the Grand Canyon and up to Reno.

The two were married on October 16 at Corpus Christi Church in Niles, the altar of which was decked with white chrysanthemums. The bride, given in marriage by her father, Mr. Joe Maciel of Niles, wore a gown of white satin, with square neckline embroidered in pearls, and a long white train. A finger-tip veil was secured with a halo, also embroidered in pearls. She carried a beautiful bouquet of orchids.

Her attendants, Mrs. Virgil Campagna, matron-of-honor and sister of the groom, and Mrs. LeRoy Gomes, bridesmaid, were attired in gowns of white taffeta, with halos of pink carnations adorning their hair. The bouquets were also of pink carnations.

The little ring-bearer, Diane Gomes, cousin of the bride, wore a white frock of taffeta and pink carnations for her hair. All the attendants wore bracelets which were gifts from the bride.

Mrs. Maciel, the bride's mother, was attired in a green suit with

Three hundred and fifty guests attended the reception which immediately followed the ceremony, at the bride's parents home.

The wedding-cake decorations were of special significance because this was the third time they had been used, first for the groom's mother, and then for his sister.

The wedding ring also had a special sentimental value, as it had belonged to the bridegroom's mother.

The justweds will make their home temporarily with the bride's parents, pending completion of their home on Mr. Escobar's ranch in Mission San Jose. The bride will continue her employment at Kimber's.

Jack Holland has been assigned to construct the McMasters house.

SPORTS**HOCKEY TEAMS TO COMPETE HERE**

Players on the girls' field hockey teams of Washington Union High will welcome four visiting teams Saturday morning for an inter-school "Hockey Day." Two groups will compete from Hayward High and two from Amador High at Pleasanton.

Esther Costa, president of the Girls' "W" Club at Washington, will be the official hostess, assisted by other block "W" members.

A warm-up period will precede the hockey games, starting at 10 a.m., with group exercises under the leadership of Diane Avakian and Joyce Silveria.

Most of the students taking an active part in the hockey competition are from the Junior and Senior classes at Washington, and

and kept it for the rest of the game.

This blow seemed to break the scoring punch, but not the fight, of most everyone on the "Gatos" team, except Jordan, who was continually a threat.

SCORE AGAIN

The second Washington tally came nine plays later when Mel Lewis connected with End Alex Morris in the end zone. Again Goularte made the conversion good, ending the scoring in the first half with Washington in the driver's seat 16 to 6.

Both teams, especially Washington, threatened repeatedly all through the third quarter, but neither scored.

AND AGAIN

Late in the fourth period the Huskie machine again came to life with Mel Lewis going off-tackle 18 yards to the last Washington tally. Day's attempted conversion was blocked.

Jordan, with but two and a half minutes remaining in the game, broke away on a 56-yard jaunt through the Washington reserves, to Los Gatos' final touchdown. Again his attempted drop-kick for the conversion was wide.

So the Washington varsity's third league contest ended, the Huskies 20, Los Gatos 12.

Tonight the Washingtonians remain home to play the boys from San Jose Tech High. The Huskies will go into the game favored—but one can never count Tech out! Campbell, one of the big powers in the league, would have lost their opener to Tech had it not been for a pass in the last 27 seconds of the game.

Gatos threat just 9 yards short of another touchdown as the gun sounded ending the first quarter of play.

From there the Huskies began a 91-yard march to a touchdown. Goularte carried it over from the one on a line plunge, and his attempted conversion was good.

Beauty shops in Washington Township are doing a land-office business and the boys are making unprecedented use of their hair-brushes in preparation for the Annual pictures. In short, everyone is doing the best he can with what he has in order to be prepared to pose for posterity. Just imagine the giggles our grandchildren are going to have over our pictures, good as they may look to us.

Thank goodness "Weezer" has

abandoned the poodle motif in favor of a slick hair-comb. Last year about this time, two jokers, Ray Bettencourt and Frank Correia, pulled a fast one that may have gone unnoticed. Just turn to the Junior Class section in last year's Annual and see for yourselves that Frank had his mugger-picture in each of the three groups and Ray had his in two. Camera hogs! Both of them!

One of the quartet composed of Mary Villegas, Charlene O'Brien, Shirley Neighbors and June Nova, will be Queen of the P.T.A. Carnival on October 13. It would be rash to predict which one will win. From the standpoint of looks, personality and popularity, they rank so evenly that the contest will be a close one. Make your choice and be sure to buy tickets from the class represented by your favorite candidate.

See what I mean about Vincent Wallace and his marimba? There's a boy who will be in great demand at our assemblies and elsewhere. He seems to have what it takes to make a name for himself and probably it won't be long before you can turn a dial and hear him

Pat yourselves on the back. Beauty and Puppies. You did a beautiful job on Los Gatos. We're going to miss Danny, though. He'll probably be back in school next week but will have to wear a cast on his leg for some time. He certainly made himself felt in the backfield before he was put out of the fight.

It would be great fun to have a dance after every game. Thanks C.S.F. for a swell time last Friday. Did you notice Alice's orange? Take your cue from Stanley Borba, boys! A great many girls sported "W" sweaters while others went feminine in some nifty en-

sembles. Diane Avakian was a knockout in fuchsia and grey, Shirley Beech cute in blue corduroy with gold accessories, and "Teach" and Miss Mozzetti dashing smart in plaid and green respectively. We could go on and on in the same vein but we might bore the boys.

Overheard: Never mind where. Duffie: Don't you believe in the hereafter? I want a kiss. Joelle: What's the hereafter got to do with the kiss?

Duffie: That's what I'm here after.

Swimmers: They're all wet.

Tennis players: They play love games.

Basketball players: They've always taking time out and getting out of bounds.

Football stars: They'll tackle anything.

And if you want to drive yourself, family and friends to distraction just try to say "Six slick slim saplings" three times in rapid succession.

The Inside Story of a Good Egg

To really know how good an egg is you have to know what's inside. How can you know that? Very simple. Just look for the grade on the carton.

Grading is done by experts who look inside each egg with a strong light and compare what they see with government standards. Eggs that meet the standards are labeled Grade A, Grade B, and so on. Eggs whose quality does not measure up are discarded. Grading is your most reliable guide to quality.

Every egg we sell is graded. And to protect their quality we take special care to keep them cool. That's why you will find eggs in the refrigerator at the store.

Grading plus special care means you can be sure of quality eggs every time at Safeway. Try them.

FARM-FRESH PRODUCE
